I just realized that I had been in the middle of writing a "January to April Update" and it never got sent! Wow, please forgive me! Though we have been updating some of you personally from time to time, I am sure many have not received word from us for a long while. We have been incredibly busy but that is no excuse. So, please accept this very delayed post...

Rachel

It's difficult for us to see our daughter leave from under our roof but Rachel is to us what any parent could only wish for in a daughter. She has been our little ray of sunshine at home and we pray Jesus will continue to shine through her where she goes.

Though it's difficult to see her go, we are blessed to see her growing up and to become the young lady she is. At the moment, Rachel is working at [Beacon Bible Camp](#) for the summer.

After her summer in Canada, her plan is to attend [3DTC](#) in Texas for the 2023-24 school year.

CC3D – Disciple Maker's Training Center

Since April until now God has made the way to stay on schedule with our proposed plan. God has been gracious to teach us new things and bring renewal of our thinking through our intense training in the Word of God.

Personal Student Missions

Recently we had winter break for 10 days. This was a great opportunity for students to go home and visit their families. Yet

Trip to Sapiranguimiri

A 4 day Romans 1-8 workshop in a remote town of Bolivia

One group of students was invited to go and teach Romans 1-8 in a small community called Sapiranguimiri. This served to encourage the people they visited but also impress on the students the power of the Word of

God taught in a clear, well articulated manner.

But the goal of our instruction is love from a pure heart and a good conscience and a sincere faith.

Until I come, give attention to
the *public* reading of *Scripture*, to
exhortation and teaching.

1 Timothy 4:13

But
a pu

• • •

The teaching was carried out for four whole days starting at 9:00am and went on until 8:00pm at night. To most this might seem an exercise in futility as the literacy level is minimal due to the extreme remote location of the town. However, the students were impressed by the amount of questions that arose throughout the teaching. These questions reflected that they were listening, tracking along and understanding the book of Romans.

Trip to Tarija

Our students spent a week as counsellors at a youth camp

Trip to Sucre

A few days teaching the gospel to youth in the city of Sucre

Our Local Church

Times of spiritual blessing are upon us! We are seeing God's Spirit move in lives, transform hearts and move people into greater dependence of the Lord. It is truly amazing what can happen in a local assembly of believers that are willing to trust God's Word to work.

Back in May, the leaders of our church announced that things would change. The change was to place the primary church focus on discipleship. Right away they put into place exegetical teaching that kicks off the week together on Sunday and continues mid-week in small groups. So while the teachers change from week to week, the teaching is constant and building from the Text of Scripture with a clear focus on the grace of God, namely the Person of Christ and His sufficiency. This has had amazing effects on the body of believers and we can testify to the veracity of Scripture that truly it does accomplish what it says it will. The believers have a new-found motivation to the service of the Lord! The church has begun being the church not merely playing church on Sundays from 10:00am to 12:00pm.

The building situation for our church is currently a constant matter of prayer. For the time being, we are meeting at the CC3D training center. The students live upstairs and the church meets downstairs. This is not a long term solution however since this building is only available until the end of October. Where will the center go next year? Where will the church meet after October? These are questions that currently nobody has answers to but we know God does and is in control.

This is a prayer request that we would like to share with you so that you can pray to the Lord with us. The leaders of the church feel that it would be of great benefit to be able to acquire a place that would serve as a meeting place but also for student residence. This obviously is something only God could do as it would take a miracle.

IMPORTANT PRAYER REQUEST: Currently the church does not count on any finances unless possibly they are returned the money that is owed them, yet that would only mean a fraction of the funds needed. We would ask that you pray with us for God's provision and wisdom in this regard for the church and for CC3D for next year and even possibly, permanently.

As a family we want to thank you all for standing with us in the ministry that the Lord has called us to. We love to hear from you so sometime when you get a chance please consider sending us a line or two telling us how you are.

Now to the King eternal, immortal,
invisible, the only God, be honor and glory
forever and ever. Amen.

1 Timothy 1:17
